

Net Neutrality

November 23, 2009

Defining the two sides

- Utilize the “Internet Freedom Preservation Act of 2009” (H.R. 3458) as the ‘ur-search’
- Conservatives - culled from internetfreedomcoalition.org
 - ‘tax’ / ‘taxation’
 - ‘nationalization’
 - ‘socialism’
 - ‘regulation’ / ‘new regulation’
 - ‘quality of service’
- Liberals - culled from ‘<http://savetheinternet.com/faq>’ and ‘Net Neutrality: Fact from Fiction’ (http://www.freepress.net/files/nn_fact_v_fiction_final.pdf)
 - ‘corporation’
 - ‘tiered Internet’ / ‘tiered service’
 - ‘competition’ (problematic)
 - ‘discrimination’
 - ‘net neutrality’
 - ‘censorship’
- Wikipedia – for both sides of debate
- 30 URLs is okay - cite Hindemann
- explain the workings of the search engine
- explain the differences between sphere statistics form within the sphere
 - “The news sphere is driven by the 24-hour cycle so...”

- sphere specificity is how it treats a topic differently
 - we don't mean in terms in materiality
